Large display
Large, easy-to-read display.
Key rollover
Key operations are stored in a buffer, so nothing is lost even during high-speed input.
Plastic keys
Designed and engineered for easy operation.
Cost/Sell/Margin
Calculate the cost, selling price, or margin of profit on an item, given the other two values.
Tax calculation
Automatic calculation of price plus tax, price less tax, discount, selling price, tax amount, discount amount, and margin amount.
Regular percent
Regular percentage calculations.
Mark-up/Mark-down
All the mark-up/mark-down capabilities of an adding machine for simplified cost and profit calculations.
Line printing
Line printing for higher speed, superior print quality, and quieter operation.
2-color printing
Positive values are shown in black, and negative values are shown in red for easy checking.
3.5 line-per-second printing
The value indicates the number of lines printed per second

Kertas struk merupakan modernisasi dari nota tertulis. Jika pada umumnya nota ditulis manual menggunakan tangan, kertas struk lebih efisien karena dicetak secara otomatis menggunakan mesin. Kertas struk digunakan sebagai perlengkapan mesin kasir, cash register, bahkan komputer kasir. Pada umumnya kertas struk berfungsi sebagai nota dan bukti pembayaran ketika kita berbelanja di Suatu toko/Outlet yang menggunakan cash register, kertas struk biasanya memuat keseluruhan produk yang kita beli. Kertas Struk merupakan bukti kuat,jelas serta jujur dan tidak dapat dimanipulasi. Selain digunakan sebagai nota pembayaran pada toko/Outlet, kertas struk juga dipakai di mesin ATM, Restoran, Mesin Parkir dll.

Bahan: MDF/Fiberboard
Berat: 2,2kg
Dimensi: 60x40x28cm

Apa itu MDF ?
Medium-density fibreboard (MDF) adalah papan material yang tersusun dari kombinasi serat kayu dan serbuk kayu yang dipadatkan dalam tekanan dan temperatur suhu yang tinggi dengan bantuan resin dalam prosesnya.
MDF sering digunakan untuk furniture kelas menengah keatas.

Kelebihan MDF :
Permukaan lebih halus dan lebih rata
- Fleksibel dan mudah untuk ditekuk untuk dijadikan alternatif rangka furniture
- Presisi ketebalan materialnya bagus
- Memiliki ketahanan yang tinggi", "min_order": "1", "status": "1", "created_at": "2024-02-12T07:23:44.000000Z", "updated_at": "2024-02-12T07:23:44.000000Z", "category": {"id": "27", "name": "Meja Simulasi ketika anda melakukan order barang, misal berat barang sbb :

<10kg = Rp 320.000
berat 11-20kg rubah qty jadi 2 unit
berat 21-30kg rubah qty jadi 3 unit
berat 31-40kg rubah qty jadi 3 unit
Dst.

Contoh : Monitor berat 12kg, maka atc. Pack kayu & Asuransinya 2 unit.

Rumus Pack kayu & Asuransi JNE :
(Berat awal + Berat penambahan Pack kayu) x Ongkir per-Vkg kota tujuan = Nominal + Asuransi (0.2% dari harga barang + Admin JNE 5.000) = TOTAL AKHIR Rp...

Jika pada Resi JNE biayanya lebih tinggi, team kami akan menginfokan kepada anda besaran kekurangannya.
